

REALTIME-Vehicle

Fleet Management in the Cloud

VEHICLE			
264 Vehicle Inventory	70 Vehicles In Use	180 Available Vehicles	12 Vehicles Out Of Service
0 Vehicle Requests	0 Approved Requests	0 Service Requests	3 Approved For Service

**Track and manage your vehicles easier than you have ever imagined:
Track vehicles for:**

- Who is assigned to or what location
- Out of service and/or expected return alerts
- Scheduled for service with notifications
- Employees request and notification of service needs
- Fuel records (including receipt photo and shared to the accounting department in "REALTIME")

Knowing where your vehicles are and their condition can give you the ability to assure all your vehicles are "making you money!"
